1. INTRODUCTION

- 1.1 Broad Based Black Economic Empowerment (B-BBEE) Rating Agencies can accelerate the achievements of the South African economy in its drive towards sustainable B-BBEE.

2. OBJECTIVES

- 2.1 This document aims to clarify the roles of B-BBEE Rating Agencies and to specify the criteria by which they shall be accredited by SANAS on behalf of the Department of Trade, Industry and Competition (**the dtic**).
- 2.2 This document is to be used by SANAS to accredit B-BBEE Rating Agencies.

3. BACKGROUND

- 3.1 In order to obtain accreditation as a B-BBEE Rating Agency, a B-BBEE Rating Agency shall:
- 3.1.1 apply in writing to SANAS
 - 3.1.2 provide evidence of compliance with the requirements of this document.
- 3.2 Upon receiving an application, SANAS shall:
- 3.2.1 accredit the applicant as a B-BBEE Rating Agency if the applicant has complied with this document and also verify measured entities following the B-BBEE Codes of Good Practice
 - 3.2.2 otherwise refuse to accredit the applicant if the applicant has not complied with the requirements of this document and does not verify following the B-BBEE Codes of Good Practice.
- 3.3 If SANAS grants accreditation, SANAS shall:
- 3.3.1 confirm that decision in writing as soon as possible, and
 - 3.3.2 provide the agency with an Accreditation Certificate after it has met the accreditation criteria.

4. REFERENCES

B-BBEE Codes of Good Practice as amended on the 11th October 2013 (gazette number 36928), B-BBEE Act number 46 of 2013, a Sector Code of Good Practice issued in terms of section 9 (1) of the B-BBEE Act as and when amended, a Practice Note or Regulations issued in terms of Section 14 of the B-BBEE Act, Standard ISO/IEC 17011:2017, PUB10039 and SANAS F147

5. DEFINITIONS

For the purpose of this document, the following terms have the following meanings assigned to them:

- 5.1 **‘Accreditation Body’** means the South African National Accreditation System (SANAS), established and recognised by government in terms of the Accreditation for Conformity Assessment, Calibration and Good Laboratory Practice Act 19 of 2006, as the sole body in the Republic for carrying out accreditation in respect of conformity assessment; calibration and Good Laboratory Practice.
- 5.2 **‘effective date’** means the date on which the codes or legislation and or accreditation documents were gazetted or published or amended and become ready for implementation.
- 5.3 **‘evaluation’** means to assess, verify, and validate the B-BBEE status of measured entities.

5.4 **'consultancy'** means the provision of any service that assists a measured entity to implement a B-BBEE Strategy or any element of a B-BBEE Strategy. This includes implementation not limiting to Ownership, Management Control, Skills Development, Enterprise and Supplier Development and Socio-Economic development or any element prescribed in terms of a B-BBEE Sector Code of Good Practice. With reference to avoidance of conflicts of interest, any service of a consulting body / or consultancy performed by any personnel of the B-BBEE Rating Agency that were provided to the measured entity and the same measured entity is verified by the B-BBEE Rating Agency would be considered a contravention of the requirements of this document. Consultancy includes but is not limited to specific solutions and assisting the measured entity to implement the proposed solutions.

Examples of consultancy include, but are not limited to the following:

- (a) coaching or facilitating the B-BBEE process on behalf of the measured entity towards the development and implementation of activities leading to B-BBEE compliance.
- (b) preparing or producing manuals, handbooks, or procedures.
- (c) participating in the decision-making process regarding the management system.
- (d) giving specific advice or scenarios on the development and implementation of the management system for eventual verification; and
- (e) conducting a scenario planning / gap analysis plan for the Measured Entity

NOTE: The management system covers all aspects of such a system, including financial aspects.

B-BBEE Rating Agencies may carry out the following duties without them being considered as consultancies or necessarily creating a conflict of interest:

- (a) verification, including information meetings, planning meetings, examination of documents and follow-up of non-conformities
- (b) arranging training and participating as a trainer – this is not considered to be consultancy work provided that, where training relates to the B-BBEE process, it shall be confined to providing generic information and advice that is freely available in the public domain, i.e. the trainer should not provide specific solutions; giving guidelines to the measured entity as to what they need to comply with is not considered consultancy
- (c) making available or publishing on request information on the basis of the B-BBEE Rating Agency's interpretation of the requirements of the Verification Standard
- (d) activities prior to verification aimed solely at determining readiness for verification; however, such activities should not result in the provision of recommendations or advice that would contravene the above examples of consultancy and the B-BBEE Rating Agency should be able to confirm that such activities do not contravene these provisions and that they are not used to justify a reduction in the eventual duration of the verification process
- (e) adding value during verification visits, e.g. by identifying opportunities for improvement, as they become evident during the verification, without recommending specific solutions.

5.5 **'the Act'** means the Broad-Based Economic Empowerment Act of 2003, as and when amended thereof.

5.6 **'the codes'** means all Codes of Good Practice issued in terms of Section 9 of the Act.

5.7 **'the dtic'** – the Department of Trade, Industry and Competition.

5.8 **'BBEE Rating Agency'** means an organisation that rates the status of enterprises in terms of its broad-based black economic empowerment compliance

5.9 **'Verification Standard'** means the minimum standard required for B-BBEE Rating Agencies to be accredited to (R Documents)

5.10 **'related party'** means a party that is linked to the B-BBEE Rating Agency by common ownership or directors / management, contractual arrangement, common elements in the name, informal understanding or the means such that the related party has a vested interest, (Vested interest includes however, is not limited to the following; special interest,

concern, stake, investment, agenda, stakeholder, supporter, skills development partners, third party facilitators of Enterprise & Supplier Development, relationships / agreements in referral of clients etc.) in the outcome of an assessment or has a potential ability to influence the outcome of an assessment.

6. THE ROLE OF B-BBEE RATING AGENCIES

6.1 Assess, verify, and validate B-BBEE information for decision-making

B-BBEE Rating Agencies shall assess, verify, and validate both disclosed and undisclosed B-BBEE-related information on measured entities. The verification shall be based on the principles contained in the B-BBEE Codes of Good Practice, as well as the relevant Sector Codes of Good Practice issued in terms of Section 9 (1) of the B-BBEE Act and any other related legislation.

7. THE ACCREDITATION ROLE OF SANAS ON BEHALF OF the dtic

7.1 SANAS, as the national accreditation body, operates in compliance with the requirements for accreditation bodies as defined in the International Standard ISO/IEC 17011. B-BBEE Rating Agencies are required to apply to SANAS for accreditation. SANAS, on behalf of **the dtic**, shall accredit B-BBEE Rating Agencies in terms of the accreditation criteria set out in this document for B-BBEE Rating Agencies.

7.2 SANAS undertakes to perform an initial assessment of an applicant within the agreed time period.

NOTE: It is normal for B-BBEE Rating Agencies to have a number of non-conformances highlighted during the initial on-site assessment. The B-BBEE Rating Agency must ensure that all these non-conformances have been cleared to the satisfaction of SANAS within 6 months of the initial assessment.

8. RESPONSIBILITIES OF B-BBEE RATING AGENCIES

8.1 The methodology followed by B-BBEE Rating Agencies in the performance of B-BBEE verifications shall demonstrate a clear understanding and knowledge of all gazetted B-BBEE Codes of Good Practice inclusive of B-BBEE Sector Codes of Good Practice and Practice Notes and the agency shall focus on all elements.

9. PRINCIPLES

9.1 General

9.1.1 The principles outlined in this document are fundamental and are not prescriptive requirements. This document does not give specific requirements for all the situations that can occur; however, these principles should be applied as guidance for ethical decisions that may need to be made for all situations.

9.1.2 The overall aim of verifying is to give confidence to all parties that rely upon the verification. The value of verifying is public trust achieved by gaining the confidence of all these parties, which include but are not limited to:

- (a) the Measured Entities that are the clients of the B-BBEE Rating Agencies
- (b) the customers of the B-BBEE Verified measured Entities
- (c) Government authorities
- (d) non-government authorities
- (e) consumers and members of the public; and

- (f) public entities.

9.1.3 Principles for inspiring confidence include:

(a) Impartiality

Impartiality is the actual and perceived presence of objectivity. Objectivity means that conflicts of interest do not exist or are resolved so as not to influence the subsequent activities of the B-BBEE Rating Agency. Synonyms that are useful in conveying the element of impartiality are: objectivity, independence, and freedom from conflicts of interest, freedom from bias, lack of prejudice, neutrality, fairness, open-mindedness, even-handedness, detachment, and balance.

Being impartial, and being perceived to be impartial, is necessary for a B-BBEE Rating Agency to be able to deliver a verification that provides confidence. It is recognised that the source of revenue for a B-BBEE Rating Agency is the client paying for its service and that this is a potential threat to impartiality. In order to obtain and maintain confidence, a B-BBEE Rating Agency has to be able to demonstrate that its decisions are based on objective evidence and that its decisions have not been improperly influenced by other interests or by other parties.

Threats to impartiality include:

- Self-interest threats – threats that arise from a person or enterprise acting in their own interest, for example financial self-interest
- Self-review threats – threats that arise from a person or enterprise reviewing the work done by themselves, for example evaluating the B-BBEE compliance of a measured entity to whom the B-BBEE Rating Agency provided consultancy
- Familiarity (or trust) threats – threats that arise from a person or body being too familiar with or trusting towards another person instead of seeking evaluation evidence on which to base the verification conclusion
- Intimidation threats – threats that arise from a person or enterprise having a perception of being coerced openly or secretly, such as a threat to be replaced or reported to a supervisor.

(b) Competence

Competence is the demonstrated ability to apply knowledge and skills effectively. The competence of the personnel supported by the infrastructure of the Agency is necessary for the B-BBEE Rating Agency to deliver a verification that provides confidence.

(c) Responsibility

The measured entity, *not* the B-BBEE Rating Agency, is responsible for conforming to the requirements for B-BBEE Verification. The B-BBEE Rating Agency is responsible for carrying out a factual, thorough evaluation of a measured entity's B-BBEE status and, based on the result, for granting a B-BBEE score.

(d) Openness

Openness is access to or disclosure of information. A B-BBEE Rating Agency needs to provide public access to, or disclosure of, appropriate and timely information about the evaluation and verification process and about the verification status of any measured entity in order to gain confidence in the integrity and credibility of the B-BBEE verification process.

A B-BBEE Rating Agency needs to provide appropriate access to or disclosure of specific interested parties' non-confidential and non-proprietary information about the results of specific evaluations (e.g. evaluations in response to complaints) in order to gain and maintain confidence.

(e) Confidentiality

In order to gain access to the privileged information that is needed for the B-BBEE Rating Agency to assess adequately the requirements for B-BBEE Verification, a B-BBEE Rating Agency needs to keep any proprietary information about a measured entity confidential. However, a B-BBEE Rating Agency may disclose a measured entity's actual verification result, without compromising the confidentiality of the information supporting the verification outcome.

(f) Resolution of complaints and appeals

Parties that rely on the outcome of their verification status as assessed by accredited B-BBEE Rating Agencies expect to have their complaints / appeals investigated. If these complaints / appeals are found to be valid, they need to have confidence that the complaints/ appeals shall be appropriately addressed and that a reasonable effort shall be made to resolve them.

g) Ethical and Professional Behaviour – to comply with relevant laws and regulations and avoid any conduct that the B-BBEE verification professional knows or should know that might discredit the profession. This would include the following but not limited to:

- Acting in good faith and with due care and diligence to B-BBEE Verifications.
- Avoiding collusive or anticompetitive behaviour.
- Promote a culture of fair and ethical behaviour, without prejudice against any party.
- Refrain from debate and discussion that is disrespectful, threatening (mental or physical), or otherwise unprofessional in tone or which is offensive to other participants and damaging to SANAS and the overall process of achieving consensus
- Treat all persons with respect and fairness and not offer or appear to offer preferential treatment to any person or group
- Refrain from disseminating false or misleading information or from withholding information necessary to a full, fair, and complete consideration of the issues
- Not harass, threaten, or coerce any participant in an effort to persuade or sway votes. This does not preclude professional, respectful debate and exchange of views that contain information and/or present perspectives intended to persuade other participants to lend their support or opposition to issues, proposals, etc. in order to ultimately achieve consensus (PUB100397)

An appropriate balance between the principles of openness and confidentiality, including resolution of complaints, is necessary in order to demonstrate integrity and credibility.

10. GENERAL REQUIREMENTS

10.1 General

10.1.1 B-BBEE Rating Agencies shall be seen as being both factually and perceptually independent from their measured entities, related parties and themselves and shall avoid any circumstances that give rise to or may potentially give rise to a conflict of interests between the various parties. Should such circumstances arise, the full nature thereof shall be disclosed immediately to all the parties involved and no verification shall be done. The measured entity should then approach another B-BBEE Rating Agency to perform the verification.

10.2 Legal and contractual matters

10.2.1 Legal responsibility

The B-BBEE Rating Agency shall be a legal enterprise, or a defined part of a legal enterprise, so that it can be held legally responsible for all its activities.

10.2.2 Ownership

B-BBEE Rating Agencies, their directors and shareholders may not hold an equity share in the measured entity to be rated or have any voting rights in the measured entity. When evaluating the type of financial interest, consideration shall be given to the fact that financial interests range from those where the individual has no control over the investment vehicle to those where the individual does indeed have some control over the financial interests or is able to influence investment decisions. The provisions of this statement do not exclude the holding of a minority interest or listed share/s where the total shareholding does not constitute a substantial shareholding when compared with the total number of shares issued by the measured entity. The impact of such a financial interest needs to be evaluated to ensure that the independence of the B-BBEE Rating Agency is not impaired.

10.2.3 Investment through another equity and/or debt instrument

A B-BBEE Rating Agency shall not be a party to a debt-creating agreement between itself and the measured entity to be verified, where such an agreement factually encumbers or is perceived to encumber the Agency in the execution of its professional discretion and objectivity towards the B-BBEE assessment for the client. The provision of this statement does not necessarily preclude the B-BBEE Rating Agency from entering into such agreements where it is the normal business of the measured entity to provide such services and it is entered into under conditions not more favourable than those provided to the general public at large.

10.2.4 Verification Agreement

The B-BBEE Rating Agency shall have a legally enforceable agreement between the agency and the measured entity and ensure that all payments are made directly from the Measured Entity to the B-BBEE Rating Agency for the provision of verification services. The B-BBEE Rating Agency shall ensure that all dealings are directly with the Measured Entity and not a third party.

10.2.5 Responsibility for B-BBEE verification decisions

The B-BBEE Rating Agency shall retain authority and shall be responsible for its decisions relating to the B-BBEE verification that are ethically conducted.

10.3 Liability and financing

Within a month of being accredited, the B-BBEE Rating Agency shall have a detailed procedure on Risk Management, where it:

10.3.1 shall evaluate and document the significant risks arising from its verification activities and demonstrate that it has made arrangements to cover liabilities arising from its operations in each of the geographic areas in which it operates on an ongoing basis (e.g. insurance, or reserves, etc.), and

10.3.2 shall evaluate its finances and sources of income and shall be able to demonstrate that commercial, financial, or other pressures do not compromise its impartiality.

Upon accreditation, the B-BBEE Rating agency shall ensure its indemnity cover is in place and maintained.

11. MANAGEMENT SYSTEM REQUIREMENTS FOR B-BBEE RATING AGENCIES

11.1 The B-BBEE Rating Agency shall establish, implement and maintain a management system appropriate to the scope of its activities. The B-BBEE Rating Agency shall document its policies, systems, programmes, procedures, and instructions to the extent necessary to assure accurate and reliable verification. The system's documentation shall be communicated to, understood by, available to and implemented by the appropriate personnel.

11.2 The B-BBEE Rating Agency 's overall objectives shall be established and shall be reviewed during a management review.

12.1 Structure and top management of B-BBEE Rating Agencies

12.1.1 The organisational structure of the B-BBEE Rating Agency shall safeguard impartiality of operations and be such as to give confidence in its activities.

- 12.1.2 The B-BBEE Rating Agency shall identify the top management (board or equivalent governing body of person(s) having overall authority and responsibility for each of the following, where relevant:
- (a) development of policies relating to the operation of the agency;
 - (b) supervision of the implementation of the policies and procedures;
 - (c) supervision of the finances of the body;
 - (d) performance of evaluations and verifications;
 - (e) decisions on B-BBEE verifications;
 - (f) delegation of authority to committees or individuals, as required, to undertake defined activities on its behalf;
 - (g) provision of adequate, qualified resources for its activities; and
 - (h) governance structure that is ultimately responsible for the ethical conduct of the activities of the B-BBEE Rating Agency, and assessing any gaps in the policies that may create ambiguity in application of the policies.
- 12.1.3 The B-BBEE Rating Agency shall document its organisational structure, showing the duties, responsibilities and authorities of management verification personnel, and any committees.
- (When the B-BBEE Rating Agency is a defined part of a legal enterprise, the structure shall include the line of authority and the relationship to other parts within the same legal enterprise.)*
- 12.1.4 The B-BBEE Rating Agency shall have formal rules for the appointment, terms of reference and operations of any committees that are involved in the verification activities.

12.2 Safeguarding of impartiality

The composition, terms of reference, duties, authorities and responsibilities of any committee involved in the verification process shall be formally documented and authorised by the top management of the B-BBEE Rating Agency to ensure:

- (a) representation of a balance of interests such that no single interest predominates, and
- (b) access to all the information necessary to enable it to fulfil its functions.

13. HUMAN RESOURCE REQUIREMENTS

13.1 Competence of management and personnel

- 13.1.1 The B-BBEE Rating Agency shall have processes to ensure that appropriate personnel have up-to-date knowledge relevant to B-BBEE criteria. It shall determine the competence required (including experience and the level of training). Where applicable, it shall determine any other qualification requirements for demonstrating competence prior to authorisation to carry out specific functions.
- 13.1.2 In determining the competence requirements for their personnel, who perform the different activities involved in B-BBEE verification, the B-BBEE Rating Agency shall address the functions undertaken by all personnel.
- 13.1.3 The B-BBEE Rating Agency shall have access to the necessary expertise for advice on matters relating directly to B-BBEE verification. Such advice may be provided externally or by B-BBEE Rating Agency personnel.

13.2 Personnel involved in the verification process

- 13.2.1 The B-BBEE Rating Agency shall, irrespective of the use made of external or temporary resources, have, as part of its own enterprise, personnel having competence to conduct the B-BBEE verification.

- 13.2.2 The B-BBEE Rating Agency shall employ or have access to sufficient number of verification analysts, including verification managers.
- 13.2.3 The B-BBEE Rating Agency shall make clear to each person concerning his or her duties, responsibilities and authority.
- 13.2.4 The B-BBEE Rating Agency shall have defined processes for selecting, training, formally authorising and monitoring verification analysts and experts used in the verification process. The initial competence evaluation of verification analysts shall include observing an on-site verification undertaken by the person being evaluated.
- 13.2.5 The B-BBEE Rating Agency shall have a process for ensuring that the verification analysts it uses (including team leaders) are competent to verify specific areas of the elements of the broad-based B-BBEE scorecard for the complexity of the entity being verified.
- 13.2.6 The B-BBEE Rating Agency shall ensure that its verification analysts understand the verification processes / systems of a B-BBEE Rating Agency, B-BBEE verification requirements, methodology and other relevant requirements. The B-BBEE Rating Agency shall give its verification analysts and experts access to an up-to-date set of documented procedures giving evaluation instructions and all relevant information on verification operations.
- 13.2.7 The B-BBEE Rating Agency shall use verification personnel only for those activities in which these personnel have demonstrated competence.
- 13.2.8 The B-BBEE Rating Agency shall ensure the satisfactory performance of the personnel involved in the evaluation and B-BBEE verification process. There shall be documented procedures and criteria for monitoring the performance of all the people involved, based on the frequency of their usage and the level of risk linked to their activities. In particular, the B-BBEE Rating Agency shall regularly review the competence of its personnel in the light of their performance in order to identify training needs.
- 13.2.9 The B-BBEE Rating Agency shall have appropriate documented requirements for monitoring the performance of its verification analysts and experts. These requirements shall include a combination of on-site observation, review of evaluation reports and feedback from verified entities or from the market.
- 13.2.10 The B-BBEE Rating Agency shall conduct periodic witnessing of each verification analyst and expert on site once every four years, including all accredited sector codes as amended. The frequency of on-site observations shall be based on the needs determined from all monitoring information available. Periodic evaluation of the other personnel at the agency to be conducted.
- 13.2.11 The B-BBEE Rating Agency shall offer or provide access to specific training in order to make its verification analysts and experts knowledgeable with regard to the B-BBEE verification requirements and processes.
- 13.2.12 The person / committee taking the decision on B-BBEE verification shall have the necessary competences to evaluate the B-BBEE verification processes and the related recommendations of the verification analyst and / expert.

13.3 Use of individual external verification analysts and external verification experts

The B-BBEE Rating Agency shall require external verification analysts and external experts to have a written agreement by which they commit themselves to comply with the applicable policies and procedures as defined by the B-BBEE Rating Agency. The agreement shall address aspects relating to confidentiality and to independence from commercial and other interests. The external verification analysts and external experts are required to notify the B-BBEE Rating Agency of any existing or prior association with any measured entity they may be assigned to evaluate. Decision-making regarding B-BBEE verifications shall never be conducted by external verification analysts and / external experts.

13.4 Personnel records

The B-BBEE Rating Agency shall maintain records of the relevant qualifications, training experience, employment contracts, job descriptions and competence of each person involved in the verification process. In addition, the B-BBEE Rating Agency shall maintain up-to-date records of the affiliations and professional status of all external verification analysts and external experts.

13.5 Outsourcing

13.5.1 The B-BBEE Rating Agency shall have a process by which it describes the conditions under which outsourcing may take place. The B-BBEE Rating Agency shall have a legally enforceable agreement covering the arrangements, including confidentiality and conflict of interests, with each outsourced body.

13.5.2 Decision-making regarding B-BBEE verifications shall never be outsourced.

13.5.3 The B-BBEE Rating Agency shall:

- (a) take full responsibility for all verifications outsourced to another body
- (b) maintain its responsibility for granting a B-BBEE score
- (c) ensure that the outsourced body uses individuals who conform to the applicable provisions of this document, including competence, impartiality and confidentiality, and B-BBEE status
- (d) ensure that the outsourced body uses individuals who are not involved, either directly or through any other employer, with measured entity to be evaluated in such a way that impartiality could be compromised, and
- (e) obtain the consent of the measured entity being evaluated to use a given outsourced body.

13.5.4 The B-BBEE Rating Agency shall have documented procedures for the qualifications, monitoring and records of all outsourced bodies used for verifications.

13.6 Management of impartiality

13.6.1 The B-BBEE Rating Agency shall be committed to, and shall demonstrate its commitment to, impartiality in its B-BBEE verification activities, especially through its top management structures. The B-BBEE Rating Agency shall have a publicly available statement that it understands the importance of impartiality when managing conflicts of interest and that it ensures objectivity when carrying out its activities.

13.6.2 The B-BBEE Rating Agency and any related party shall not offer or provide B-BBEE verification and B-BBEE consultancy or other services to the same measured entity.

13.6.3 The B-BBEE Rating Agency shall identify, analyse and document the possibilities for conflicts of interest arising from the provision of its services, including any conflicts arising from its relationships. A B-BBEE Rating Agency must document all its relationships in terms of their impact on the organisation. However, if any relationship poses a risk to impartiality, the B-BBEE Rating Agency shall document how it has (or intends to) eliminated or minimised such a risk to an acceptable level. If the B-BBEE Rating Agency cannot demonstrate that a relationship does not present a conflict of interest, or that it can manage the conflict satisfactorily, then it must end the relationship.

13.6.4 The B-BBEE Rating Agency shall take measures to prevent a consultancy body or related body from stating or implying that B-BBEE verification would be simpler, faster or less expensive if a specified B-BBEE Rating Agency is used. Similarly, a B-BBEE Rating Agency shall not state or imply that B-BBEE verification would be simpler, faster or less expensive if a specified consultancy or related body is used.

13.6.5 All B-BBEE Rating Agency personnel, either internal or external, or committees that could influence the verification activities, shall act impartially and shall not allow commercial, financial or other pressures to compromise their impartiality.

- 13.6.6 To ensure that there is no conflict of interests, personnel who have provided B-BBEE consultancy or other services, including those acting in a managerial capacity, shall not be able to verify or be involved with the measured entity unless four years have elapsed, for clarification of doubt, the B-BBEE Rating Agency shall not conduct verification of a measured entity where any of its personnel consulted or provided any other services.
- 13.6.7 B-BBEE Rating Agencies shall require personnel, both internal and external, to declare any situation known to them that may present them or the B-BBEE Rating Agency with a conflict of interest. B-BBEE Rating Agencies shall use this information as input to identify threats to impartiality raised by the activities of such personnel or by the organisations that employ them and shall not use such personnel, internal or external, unless they can demonstrate that there is no conflict of interests.
- The fact that the evaluator's employer is known to have provided the measured entity under evaluation with B-BBEE consultancy within the last four years is likely to be considered as a high threat to impartiality.
- 13.6.8 If a member of the verification team, or an immediate family member, has a direct financial interest, or a material indirect financial interest, in the measured entity, the self-interest threat created would be so significant the only safeguards available to eliminate the threat or reduce it to an acceptable level would be to:
- (a) dispose of the direct financial interest prior to the individual becoming a member of the verification team,
 - (b) dispose of the indirect financial interest in total, or dispose of a sufficient amount of it so that the remaining interest is no longer material, prior to the individual becoming a member of the verification team, or
 - (c) remove the member of the verification team from the verification engagement.
- 13.6.9 The B-BBEE Rating Agency or related party cannot be a beneficiary to the Measured Entity's B-BBEE scorecard as this creates a conflict of interest, such as beneficiaries of Enterprise Development, etc. However, this does not apply to Procurement Scorecard under Enterprise and Supplier Development, as that is only a direct commercial transaction for the cost of the rating.

14. INFORMATION REQUIREMENTS

14.1 Disclosable information

- 14.1.1 The B-BBEE Rating Agency shall maintain and provide, upon request, information about its activities to SANAS.
- 14.1.2 The information that the B-BBEE Rating Agency provides to any measured entity or to the marketplace, including advertising, shall be accurate and not misleading.
- 14.1.3 The B-BBEE Rating Agency shall make publicly accessible information about the B-BBEE status level and Report granted.
- 14.1.4 On request from SANAS, and/or the measured entity, the B-BBEE Rating Agency shall provide means to confirm the validity of a given B-BBEE score.

15. DOCUMENT CONTROL

- 15.1 The B-BBEE Rating Agency shall establish and maintain procedures to control all documents (both of internal and external origin) that form part of its management system. This procedure shall ensure that authorised editions of appropriate documents are available at all locations where operations are performed, that the documents are periodically reviewed and, where necessary, that they are revised and that obsolete documents are promptly removed from all points of issue or use.

- 15.2 All documents that are part of the management shall be reviewed and approved for use by authorised personnel prior to issue. A master list or an equivalent document-control procedure identifying the current status of the revision and the distribution of documents in the management system shall be established and shall be readily available to preclude the use of invalid and/or obsolete documents.
- 15.3 If the B-BBEE Rating Agency's document-control system allows for the amendment of documents by hand, pending the re-issue of the documents, the procedure and authorities for such amendments shall be defined. Amendments shall be clearly marked, initialled and dated.
- 15.4 A procedure shall be established to describe how changes in documents maintained in computerised systems are made and controlled.
- 15.5 Management system documents generated by the B-BBEE Rating Agency shall be uniquely identified.

15.6 B-BBEE Verification Certificates

- 15.6.1 The B-BBEE Rating Agency shall provide to the measured entity, by any means it chooses, a B-BBEE Verification Certificate.
- 15.6.2 The effective date on a Verification Certificate shall be the date the final verification decision was made.
- 15.6.3 The Verification Certificate shall identify:
- (a) The name and identifiable physical location(s) of the measured entity
 - (b) The registration and VAT number of the measured entity
 - (c) The dates of granting of the B-BBEE score the period of validity (initial issue date and revision date if applicable)
 - (d) The expiry date of the Verification Certificate
 - (e) A unique identification number including revision number if applicable,
